

Smart Procurement European Alliance

SPEA PROJECT

The SPEA project aims to improve the energy efficiency of 10 municipal libraries by incorporating innovative solutions. The project is being carried out over a period of 2 +2 years and has a total budget of between 500,000 and 833,330 €.

If you are a SME that can provide innovative solutions for the following technical areas:

- Monitoring
- Lighting
- Water consumption
- Regulation and control
- Increase users sensitivity
- Office Automation
- Climate control
- Envelope
- Others

Submit your information/declaration of interest contact@speaproject.eu
